TMR Triton Concept Car built by: Team Mitsubishi Ralliart (TMR)

The Mitsubishi Triton – a unique combination of sporty styling, toughness and dependability.

Building on this solid platform, the TMR Triton delivers increased power and performance as well as providing an enhanced sporty appearance.

Based on the GLS Fastback 3.2 Diesel model with Super Select 4WD, Auto Air Conditioning, Leather Power Seats, Sunroof, Cruise Control and ABS with EBD.

Brakes:

- TMR developed front brake package consisting of 4 piston callipers and 343mm x 29mm ventilated and slotted 2 piece discs with Ferodo DS25HP pads

Interior:

- TMR Trimmed front and rear seats
- Eclipse CD3200 Multi-Source Sound System (50w x 4, Bluetooth, iPod, USB)
- Stainless Steel Scuff Plates
- Triton Carpet Mat Set
